* The Museum has for some time accrued annual leave credits in hours and fractional hours earned each payroll period and shows the balance after adding the accrual hours and deducting hours taken on the employee paycheck stub each pay period. The total hours accrued in a full year equals the annual leave allowance to which employees are entitled in accordance with their category.

Section 4: Part-time hourly paid employees accrue annual leave at a rate of one (1) hour of annual leave for every thirty (30) hours worked, up to a maximum of forty (40) hours of accrued annual leave during any fiscal year. Part-time hourly paid employees will begin accruing annual leave on their first day of work after ratification of the contract. Unused annual leave days are not compensated upon termination. The maximum number of annual leave hours a part-time hourly paid employee may use in any one fiscal year is forty (40). When a part-time hourly paid employee reaches an accrual of forty (40) hours of annual leave, they will not accrue additional time until their balance falls below forty (40) hours.

Section 5: While on annual leave with pay or sick leave with pay, an Employee shall continue to earn annual leave credits in accordance with the "Monthly Accrual" in the foregoing table.

Section 6: Annual leave credit shall be based on a "vacation year" that ends on the date the final paycheck is issued in June of each fiscal year. The dates will be announced annually by the Payroll and Benefits office. All annual leave allowances in excess of twice the annual leave allowance standing to an employee's credit on the ending date of the vacation year shall lapse

and not be carried over to the next succeeding year, unless the failure to use such annual leave credit is due to the action of the Employer in requiring the Employee to be on duty during the vacation year.

Section 7: The maximum amount permitted to be carried over to the following vacation year shall be limited to two (2) years annual leave allowance. All other annual leave balances remaining at the end of the vacation year shall be transferred to sick leave credit. So long as those additions to sick leave would not exceed the maximum sick leave balance permitted.

Section 8: In preparing vacation schedules, Employees with the longest service within each department shall have prior consideration for their choice of vacation time.

Section 9: Upon resignation, retirement, or severance without cause, an Employee shall receive payment for their unused accumulated annual leave. Employees discharged for cause shall also receive payment for unused accumulated annual leave unless the cause is theft of funds, collections, goods or services, damage to persons or property or other matters for which the Museum could seek recovery, in which cases the Museum shall have the right to withhold payment for unused accumulated annual leave.

Section 10: No annual leave credit shall be earned by an Employee while on leave without pay.

Section 11: Where fractional days are involved in pro-rating leave, the leave will be for the nearest number of whole days for which the employee is entitled.

Section 12: Employees desiring to use three (3) or fewer than three consecutive days of their annual leave allowance may request permission of their Authorized Supervisors to do so. Authorized Supervisors shall have the sole right to determine whether such requests shall be approved and shall notify Employees of their decision within twenty-four (24) hours' notice of an Employee's desire to use such leave.

- a. Decisions on requests for annual leave of four (4) or more days shall be made within seven (7) working days of the submission of the request, except for requests which cannot be approved at the local level or requests for leave during the summer peak vacation period or other such periods for which the Employer has established and promulgated a schedule for submission and decision of leave requests. Each department shall notify employees at the beginning of each vacation year described in Section 5 what the peak vacation periods are for that department. Once a leave request has been approved, the approval may not be rescinded except in writing by the Senior VP of that area.
- b. In order to allow employees to make advanced plans, decisions on requests for annual leave in the amount of four (4) or more consecutive days off during a designated peak vacation period shall be made not less than thirty (30) day prior to the scheduled commencement of said vacation period. Such requests must be made no later than forty-five (45) days prior to the commencement of the peak vacation period or by the designated submission date for such requests, whichever is earlier.

Section 13: Employees who have completed the first six (6) months of their probationary periods may be permitted to take approved annual leave as it accrues.

Article 9 – Sick Leave Allowance

Section 1: - For Employees in benefits eligible salaried positions hired prior to May 25, 2023, sick leave allowance of one (1) day per month of service shall be credited to eligible Employees. New Employees in benefits eligible salaried positions shall receive an initial sick leave credit of 5 work days. Additional credits shall commence to accrue at the rate of one (1) day per month of service after 5 months of service.

Employees in benefits eligible salaried positions hired on or after May 25, 2023: Sick leave allowance of 10 days per year for the first five (5) years of employment, and one (1) day per month thereafter, shall be credited to eligible Employees. New Employees in benefits eligible salaried positions shall receive an initial sick leave credit of 5 work days. Additional credits shall commence to accrue at the rate of one (1) day per month of service after 6 months of service.

Part-time hourly paid employees accrue sick leave at a rate of one (1) hour of sick leave for every thirty (30) hours worked, up to a maximum of fifty-six (56) hours of accrued sick leave during any fiscal year. Part-time hourly paid employees will begin accruing sick leave on their first day of work. Sick leave is not accrued during workers' compensation leave, short or long-term disability leave, or during any unpaid leave.

- Accrued sick leave may be used by Employees (regardless of hire date) for absence from work due to mental or physical illness, injury, or health condition; need for medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition; or need for preventive medical care (including annual physical or dental examinations). In addition, in accordance with law, Employees may use up to 56 hours of accrued sick leave per sick leave year to care for a family member who needs medical diagnosis, care, or treatment of a mental or physical illness, injury, or health condition or who needs preventive medical care; or to care for a child whose school or childcare provider has

been closed by order of a public official due to a public health emergency, or when the employee or the employee's family member has been the victim of domestic violence as defined by the New York State Human Rights Law, a family offense, sexual offense, stalking, or human trafficking due to any of the following as it relates to the domestic violence, family offense, sexual offense, stalking, or human trafficking:

- To obtain services from a domestic violence shelter, rape crisis center, or other services program;
- To participate in safety planning, temporarily or permanently relocate, or take other actions to increase the safety of the employee or employee's family members;
- To meet with an attorney or other social services provider to obtain information and advice on, and prepare for or participate in any criminal or civil proceeding;
- To file a complaint or domestic incident report with law enforcement;
- To meet with a district attorney's office;
- To enroll children in a new school; or
- To take any other actions necessary to ensure the health and safety of the employee or the employee's family member or to protect those who associate or work with the employee.

For purposes of this section, "family member" includes a child (including a legal ward or a child of an Employee standing *in loco parentis*), spouse, domestic partner (including same-gender domestic partners), or parent (including a legal guardian of an Employee or a person who stood *in loco parentis* when the Employee was a minor child). "Family member" also includes the child or parent of an Employee's spouse or domestic partner. "Family member" further includes an Employee's grandchild, grandparent, or sibling, or a spouse's or domestic partner's grandchild. These definitions include biological, foster, adoptive, or step relations.

Section 2: Effective July 1, 1992 the maximum amount of sick leave balance that may be accumulated by Employees in benefits eligible salaried positions covered by this agreement (except those who had balances of one hundred twenty-five (125) or more sick leave days on 7/1/92) will be two hundred forty days (240).

For Employees in benefits eligible salaried positions covered by this agreement who had balances of one hundred twenty-five (125) or more days of sick leave credit on 7/1/92 the number of sick leave allowance days permitted to be accumulated shall be unlimited.

Section 3: Where an Employee is hospitalized while on annual leave, the period of such verified hospitalization shall be charged to sick leave and not to annual leave. Where an employee is seriously disabled but not hospitalized while on annual leave, and the Employee notified their Authorized Supervisor of such serious disability and provides evidence satisfactory to the Authorized Supervisor from a physician, the Administration shall approve charging the period of such a disability to sick leave rather than to annual leave provided that notice is given to the Authorized Supervisor on the date of such disability or as soon as reasonably possible and provided that the Employee has the necessary sick leave credits.

Section 4: Employees in benefits eligible salaried positions who have exhausted all earned sick leave due to personal illness shall when eligible receive disability benefits paid through the District Council 37 Cultural Institutions Health and Security Plan Trust. Employees receiving such disability benefits shall be required to charge any available leave balances on a pro-rata basis so that they can receive salary payments in an amount which when added to the amount payable as disability benefits will equal their regular pay for the time absent. These payments shall continue during the period of absence due to disability until all leave balances are exhausted. Employees in benefits eligible salaried positions who have exhausted all earned sick leave, compensatory and annual leave due to disability may, at the discretion of the employer, be granted unearned sick leave, chargeable against future sick leave.

When all salary payments have ceased due to the exhaustion of leave balances there will be a six-week period during which the employee in benefits eligible salaried positions will receive only disability benefits for which they may be eligible. Following the six-week period the position of any employee who shall be unable to resume their duties may, at the option of the Museum, be declared vacant.

Section 5: No provision herein shall be construed either to increase or decrease the sick leave accumulated for any Employee as of the effective date of this Agreement.

Section 6: Nothing herein shall be deemed to affect the right of the Museum, at its option, to grant a premature retirement for disability.

Section 7: Employees who have taken sick leave and been absent for more than three consecutive workdays must, if requested and upon their return to work, provide documentation signed by a licensed health care provider (including a doctor, nurse, or emergency room personnel) indicating the need for the amount of sick time taken. Such documentation need not specify the nature of the Employee's or the Employee's family member's injury, illness, or condition except as may be required by law. Employees shall have up to seven days after their return to work to provide the requested documentation to the Human Resources Department.

Section 8: Upon resignation, retirement, or severance, an Employee (whether they are then on sick leave or not) shall not be entitled to any further sick leave benefits or to any payment on account of unused sick leave, except as provided in Article 16.

Article 14 – Grievance and Arbitration Procedures

Section 1: Definition of Grievance

A grievance is any dispute between the parties regarding the interpretation of this Agreement, including, but not limited to, written disciplinary notices, suspensions of employees with nine or more months of service, or discharge from employment for cause with nine or more months of service. Any grievance arising between the Employer and the Union, or an employee represented by the Union shall be settled in the manner set forth below.

Section 2: Grievance Procedures

a) Step 1: Presentation of Grievance

Within twenty (20) calendar days of the event giving rise to a grievance, the Union may submit a grievance in writing to the Department Head or their designee. The written grievance shall describe the issue in detail, including but not limited to the section(s) of this Agreement alleged to have been violated.

The Department Head or their designee will provide the Union with a written response to the grievance within ten (10) calendar days. If a written response is not provided within that time period, the grievance shall be deemed denied.

b) Step 2: Grievance Meeting

If the Union is not satisfied with the resolution of the grievance at Step 1, the Union may, within five (5) calendar days from the date of the Employer's response (actual or automatic denial), submit (i.e., be received by the Employer) a written request to the Senior Vice President and Chief People Officer of Human Resources or their designee for a Step 2 meeting.

The Senior Vice President and Chief People Officer or their designee will decide to either review all documentation from the Step 1 and make a determination based on

that information, or offer a date and time for such meeting that is within seven (7) calendar days after the Union's request for a meeting. If the offered date and time are not acceptable to the Union, the parties will act in good faith to find a later mutually agreeable time. If the parties are unable to agree on a date and time for the meeting within thirty (30) days after the Union's request for a meeting, the Senior Vice President and Chief People Officer or their designee may, at its election, continue to try to schedule a Step 2 meeting or may inform the Union in writing that the grievance is denied without a Step 2 meeting.

The Step 2 meeting, if held, shall be between the Grievant and their Union Representative(s) and the Senior Vice President and Chief People Officer or their designee and the appropriate Management personnel for such a meeting.

If a Step 2 meeting is held and the grievance cannot be resolved, the Senior Vice President and Chief People Officer or their designee will provide a written response to the Union within ten (10) days from the date of the meeting.

c) Step 3: Arbitration

If no satisfactory resolution can be agreed upon and the Grievant with their Union Representative(s) wish to pursue the matter further, then within ten (10) days after the completion of Step 2, the Grievant with their Union Representative(s) must request the American Arbitration Association to submit a panel of at least five (5) arbitrators to the parties. Notwithstanding anything to the contrary in the American Arbitration Association's rules, no arbitrator may serve hereunder unless they are acceptable to both parties. The arbitration shall proceed under the American Arbitration Association's Labor Rules then in effect.

The following infractions are some, but not all, of the infractions that shall be sufficient cause for discharge. In considering any appeal from discharge for the infractions listed below, the parties agree that the arbitrator shall limit their decision solely to the question of whether the charged Employee is guilty of the alleged infraction.

1. Intoxicated, or unauthorized drinking alcoholic beverages on the Museum premises.
2. Theft on the Museum premises and/or of Museum property.
3. Committing an assault on the Museum premises.
4. Immoral or indecent behavior on the Museum premises.
5. Any illegal act performed on the Museum premises.
6. Possession of an unauthorized firearm on the Museum premises.
7. Other significant violations of the Museum's policies and procedures.

Unless otherwise outlined in the relevant rules of the Arbitrator and/or the American Arbitration Association, the expense of the Arbitrator appointed shall be borne equally by the Employer and the Union.

The Arbitrator shall not have the authority to amend or modify this Agreement or establish new terms or conditions under this Agreement.

Section 3: Waiver

Any grievance not presented within the time limits at any step of the grievance procedure provided herein shall be deemed waived.

Article 15 – Job Descriptions and Assignment of Duties

Section 1: The duties, responsibilities, and qualifications of the titles of Employees covered under this Agreement are and shall continue to be determined and defined solely by the Museum.

Section 2: The Museum shall provide the Union with written job descriptions which shall reflect the current duties, responsibilities, and qualifications of the titles covered by this Agreement. Prior to the issuance of such written descriptions, the Museum shall meet with the Union to discuss their contents.

Section 3: Except during temporary emergencies, or for vacation coverage, or during terminal leave periods, or for coverage of normal days off, or for training purposes, Employees shall be given assignments and duties only within the description of their titles. If an Employee believes that they are being assigned duties of higher paying responsibility, other than the exceptions outlined above, or that they are being assigned to perform lower title duties outside the duties of the series of titles in their occupational group of this Agreement, they may submit a grievance in accordance with Article 14 of this Agreement. It is understood and agreed however, that the content and wording of the description itself shall not be subject to arbitration nor can they be changed by any-arbitrator's award.

Article 16 – Terminal Leave

Section 1: Employees who are separated without cause, either voluntarily or involuntarily, by resignation, retirement or death, and who were continuously employed in a full-time benefits eligible position prior to January 11, 2007, shall be given the frozen terminal pay allowance as described below³:

As of January 11, 2007, all the unused sick leave earned as of that date has been recorded and frozen in each Employees' sick leave balance. The hours they accrued, and their value may be found in Appendix C.

Consistent with the Frozen Plan rules, Employees who become ill and need to use some or all of that sick leave and have less accrued sick leave when they terminate from the Museum than what was recorded on January 11, 2007, will have their terminal pay recalculated and the value of the terminal leave benefit will reflect that use of the sick leave accruals. The terminal leave benefit will be for the value of the accrued sick leave hours remaining in the sick leave balance calculated at the salary they were earning on January 11, 2007.

Section 2: Employees who are separated for cause shall receive a terminal pay allowance as described above, unless the cause for their termination is theft of funds, collections, goods, or services, damage to persons or property or other matters for which the Museum could seek recovery, in which cases the Museum shall have the right to withhold payment for such terminal leave.

Section 5: Pay advances will be made to Employees on the following basis:

- a. Employees who are taking annual leave of five (5) or more continuous days which include a regular pay day(s) will receive the check for that pay day(s) on the last day of work before the period of annual leave begins, provided they have sufficient annual leave balances and have secured approval for the leave from their authorized supervisor at least four weeks in advance of the first day of such leave.

Section 6: Each employee covered by this agreement shall serve a nine (9) month probationary period. Employees who prove unsatisfactory may be released by their authorized supervisors during their probationary period without recourse to the grievance and arbitration procedure.

Article 20 – No Strike Clause

Section 1: During the term of this Agreement or an extension thereof, there shall be no strike, work stoppage, slowdown, picketing, or any other activity to obstruct the operation of the Employer except that in the event of a tripartite wage negotiation with the City of New York in respect to the titles or postings covered by this Agreement, the Employees but not the Supervisory Employees in such titles shall be exempt from the prohibition of striking for as long as the strike is used for the sole purpose of effecting said wage negotiations, provided, however, the Union will, during the term of this Agreement, always provide the Employer with a sufficient number of Employees necessary for the protection of the Employer's collections while the Museum is closed to the public by reason of such a strike. There shall likewise be no lock out during the effective term of this Agreement.

In addition, to any other liability, remedy or right provided by applicable law or statute, should a strike, slowdown or boycott, work stoppage or other concerted interference with the operations of the Employer occur, the Union shall, within 24 hours of a request by the Employer: a) Advise the Employer in writing that such an action by Employees has not been called or sanctioned by the Union; and b) Notify Employees of its disapproval of such action and instruct such Employees to cease such action and return to work immediately.

Such authorization is voluntary and may be revoked at any time by the Employee in writing. The authorization shall remain in effect until the Employer is notified in writing by the Employee of the revocation of such authorization.

The Museum shall transmit authorized deductions along with a listing of employees from whom the deductions have been made, and the amounts deducted no later than thirty (30) days following the deduction.

The terms of Article 2, Section 4, of this Agreement shall apply to any solicitation made in connection with the political checkoff.

In instances where an Employee's earnings are insufficient to accommodate all deductions, political checkoff will be considered last in arithmetical sequence. Term Review Process Agreement Summary

- Fixed term appointments are those funded 50% or more on soft funds;
- Fixed term appointments are limited to three years (and may be multiple distinct appointments not exceeding three years);
- The fixed term employee in the bargaining unit will use the following to determine the start of the fixed term period;
 - The hire date with any continuous service, including less than one-year breaks in service.
- The Human Resources Department will provide an annual attestation as to which employees in the bargaining unit were on soft money for 50% or more of their time during the fiscal year.

Process and Timing

AMNH Management will make this as simple as possible and not overly burden the HR team or Budget team. Therefore, the following process will be implemented:

- HR to conduct an annual analysis of term employees using the last day of each fiscal year, June 30.
- In order to have the most accurate data from the Budget Department, and also in deference to their busy schedule and calendar of work, HR will conduct the annual analysis in September of each year, except for this first year as the process is being designed and implemented.
- Any employee reaching the thresholds described above (three or more years of service or less than 50% on soft funds for the full year) will be moved to “regular status” using their specific dates for the status change.
- As an example, an employee who met their three-year anniversary on 12/1/22 and continues beyond that date will be reviewed in the September 2023 analysis and as a result, will have their status changed to “regular” retroactively to 12/1/22. A second

example is an employee who began work on 1/1/23. Because they have less than one-year of service on 6/30/23, we will not consider their status until the following year's analysis when they have a minimum of one year or more of service.

- As stated above, similar procedures will be implemented for the part-time staff using the newly defined service rules and calculations.
- Following the analysis, HR will make any modifications to employees' statuses that may be necessary.

Frozen Terminal Leave Benefits

(If benefit needs recalculation)

As you know from the November 2006 Employee Handbook, Museum employees accrue, or earn, all their unused sick leave for their use when they are ill.

As of January 11, 2007, all the unused sick leave you have earned as of that date has been recorded and frozen in your sick leave balance. You can see listed above the hours you have accrued and their value. In other words, if you stay at the Museum for ten years and then leave the Museum, you will receive the value of the sick leave you see listed above.

However, if you become ill and need to use some or all of that sick leave, then when you leave the Museum and have less accrued sick time than recorded in your sick leave balance on January 11, 2007, the value of the terminal leave benefit which you will receive will reflect your use of the sick leave accruals. You will then still receive a terminal leave benefit, but it will be for the value of the accrued sick leave hours remaining in your sick leave balance calculated at the salary you were earning on January 11, 2007.

If you have any questions about the terminal sick leave benefit, please call Human Resources at extension 5106.
